SOFTWARE DEVELOPER

Full-Time
Main office – 45 Main Street, Washington

JOB DESCRIPTION

Nurage Technologies is looking for a passionate Software Developer to join our innovative team. In this role, you'll be involved in the entire software development life cycle, from concept to deployment. You'll work closely with stakeholders to gather requirements and develop solutions that meet business needs. Our ideal candidate is a problem-solver with a strong background in .NET programming and experience with Agile methodologies.

Attention to detail and a commitment to writing high-quality, maintainable code are essential. We offer a dynamic work environment with opportunities for growth and professional development.

REQUIREMENTS

- Proven experience as a Software Developer or similar role.
- Strong at object-oriented programming.
- Familiarity with Agile development methodologies.
- Experience with software design and development in a test-driven environment.
- Knowledge of coding languages (e.g., C#, .NET, JavaScript) and frameworks/systems (e.g., .NET, AngularJS, Git).
- Experience with databases and Object-Relational Mapping (ORM) frameworks (e.g., Hibernate).
- Ability to learn new languages and technologies.
- Excellent communication skills.
- Attention to detail.
- Ability to troubleshoot and solve complex problems.
- Experience with version control systems like Git.

QUALIFICATIONS

- Bachelor ' s degree in Computer Science, Engineering, or a related field.
- 3+ years of software development experience.
- Strong knowledge of object-oriented programming.
- Experience with SDLC methodologies.

BENEFITS

- Competitive salary.
- Health insurance.
- Professional development opportunities.
- Flexible work hours.
- Remote work options.
- Generous paid time off.
- Employee wellness programs.
